It is very important in fact it is absolutely necessary to health that we give relief to the stomach promptly at the first signs of trouble—which are belching gas, nausea, sour stomach, headache, irritability and nervousness. These are warnings that the stomach has been mistreated; it is demanding help from you. Take something once in awhile; especially after meals; something like Kodol for Dyspepsia and Indigestion. It will enable your stomach to do its work properly. Sold by Chas. C. Davis.

## ANNOUNCEMENTS

We are authorized to announce G. T. JOHNSON as a candidate for County Court Clerk, subject to the action of the Republican party.

We are authorized to announce FELIX BOWMAN as a candidate for County Court Clerk, subject to the action of the Republican party.

Each succeeding day brings ex Gov. Beckham just a little further from his coveted goal, the U. S. Senatorship. The bitter opposition to him is indeed far beyond, what a few weeks ago, his most bitter enemies would have claimed. From every county in the State comes the "War cry", down with the Haly-Brown-Beckham machine and it is safe to say that more than seventy-five per cent of the Democrats of the State are joining in this cry. While on the other hand, this attitude of the Democrats does not furnish any hope for the Republicans and should not, for between Beckham and Bradley, we say give us the lesser of the two evils, which would be Beckham every day in the week with Sunday added for good count. We admire the six Democrats who have the courage to stand for what they believe to be the best interest of the Democratic party, the party which we love because of the principles which it advocates, as promulgated by that great chief of chieftains, William Jennings Bryan.

The loss of the State last November to the Republicans is evidence that there was "something rotten in Denmark," and Judge Hager, for whom we all fought, said in the lobby of the Old Inn on the night of the election, "Beckham you caused it."

We find no fault with those who stand for Beckham; likewise his followers should be slow to censure those who have the courage to come forward at this crucial period and proclaim their opposition to the one man power as against the whole party. Those who say down with Beckham, do so for their love for the party, which in time will receive the plaudits of every Democrat in the State save the few whose coffers will be come diminished by reason of the dethronement.

STATE Superintendent of Public Printing, J. W. Hedden, has been instructed by Governor Wilson to have new checks and documents made for use with the picture of Henry Clay on them where the likeness of William Goebel had appeared before. The checks of the Commonwealth, issued by the State Treasurer have borne the picture of Goebel for almost eight years.

In giving Superintendent Hedden this instruction Governor Wilson said that he hoped his action would not be construed as partisan, as he claimed to have no feeling in the matter at all. He said that there had been too much factional and political strife in Kentucky and insofar as it lay within his power he proposed to eliminate from the State's business every source and trace or reminder of that strife and turmoil.

Since the charge, removing Gov. Goebel's picture came so quickly after Gov. Wilson took his seat, it will be hard to reconcile in the minds of all as being purely a friendly act.

Ex Gov. Beckham is quoted as favoring the election of Richard W. Knott Editor of Evening Post as U. S. Senator, should he see that his election is impossible.

The Peoples Bank is having plans drawn for a new brick or concrete building. Work of tearing down old building will begin at an early date.

## DEADLOCK ALL SET

Extra Rivals Have Apparently Been Applied to Kentucky Senatorial Situation.

### MAY HOLD ALL THROUGH SESSION

The Six Anti-Beckham Legislators Show No Sign of Receding From the Position They Have Assumed From the Start—in the Meantime All Legislation Is Being More or Less Neglected—Interesting Notes From Our Correspondent at the State Capital.

Frankfort, Ky., Jan. 21.—The predicted and expected deadlock in the race for United States senator is now a certainty, and it may continue till the end of the legislative session. Since the balloting began on Jan. 14 all the Republican members of the legislature have steadily voted for their nominee, former Governor W. O. Bradley, while six Democrats have declined to vote for their nominee, former

J. C. W. BECKHAM.

Governor J. C. W. Beckham. That is the situation in a nutshell, and of course there is all sorts of speculation as to the probable outcome, but as a matter of fact no one knows what the result will be. A dark horse may win any day, or the election may go over till the next legislature, and meanwhile all legislation will be neglected.

If the senatorial race could be settled next week there would be a pretty bit of fencing over the proposed temperance legislation. Senator Rives of Christian has already introduced two important temperance bills that will be fought bitterly by the liquor interests. The first bill is one to make the county unit local option law apply to every county in the state, whether the county contains a city of the first, second, third or fourth class or not. The second bill is more sweeping than the first, for it proposes to give the people a chance to vote on an amendment to the constitution which will permit the whole state to vote wet or dry, as was done in Georgia and other Southern states. Only two proposed amendments to the constitution can be voted on at any one election, and as more than a half dozen bills proposing a vote on as many amendments are already pending, it will be a race as to which will be the lucky two to get to the people. This may hamper the chances of the state prohibition bill from being passed, as the friends of other measures will work for their own pet measures.

The fight to put the American Tobacco company, known as the tobacco trust, out of business in Kentucky has already begun in the legislature. Representative Crecolius of Pendleton county has introduced a bill which makes it unlawful for that company or any other trust or combine of its kind to do business in Kentucky. If the trust violates the provisions of the bill the amount of the fine indicated will be unlimited, as it is left to the discretion of the jury trying the case. The bill also seeks to prevent the agents or buyers of the trust from purchasing tobacco in the state, as a fine of \$5,000 and imprisonment for one year is provided for such offense. Mr. Crecolius also introduced a bill providing a penalty for anyone who shall break his contract to pool his tobacco or other crop. It is understood that the American Tobacco company has several influential agents in Frankfort who will make every effort to have these bills defeated, but the temper of the legislature indicates that they will be passed.

An effort will be made at this session to reduce the rate of state taxation from 50 cents on the \$100 to 42 1/2 cents on the \$100. Representative Gus Richardson of Meade county has already prepared such a bill. In addition to the proposed reduction in the rate the bill proposes to abolish the present tax warrant system and will fix the first day of January each year as the final day upon which taxes can be paid. This will give the taxpayers two months more than they now have, as the last day under the present law is Nov. 1. The Richardson bill also proposes to change the manner of taxing dogs by placing dogs on the same footing as horses and other livestock, which are classed as property, so if a

### IT DOES THE BUSINESS.

Mr. E. E. Chamberlain, of Union Main, says of Bucklin's Arnica Salve: "It does the business; I have used it for piles and it cured them. Used it for chapped hands and it cured them. Applied it to an old sore and it healed it without leaving a scar behind." 25c. at Chas. C. Davis' drug store.

DEWITT'S GARBOLIZED WITCH HAZEL SALVE For Piles, Burns, Sores.

man owns a \$50 dog he must pay the same tax on the dog that he pays on a \$50 horse. There is so much prejudice against any sort of a dogtax, however, that it is hardly probable that this feature will be adopted, though it seems assured that the tax rate will be reduced unless the senatorial fight defeats all important legislation.

Senator Burnham of Madison county has introduced a bill providing for a vote on the question of amending the constitution that each bona-fide house-keeper shall have \$350 worth of land, dwelling or appurtenances exempt from taxation. This will likely prove a very popular bill, for what the average property owner loves above everything else is to escape as much taxation as possible. As a matter of fact, though, such a law would greatly encourage thousands of renters to purchase homes.

At every session of the legislature from 600 to 900 bills are introduced, and the author of each bill makes "cheap talk" about his bill being the most important one of all for the people, but as a rule not over one out of five of these bills ever gets beyond its second reading, and only about one-tenth of them become laws. Over 200 have already been introduced this session, the titles of the most important being as follows:

Bill making it a penitentiary offense to kill fish with dynamite or other explosive.

Bill requiring railroads to carry adult passengers at two cents per mile and one cent per mile for children under twelve years of age.

Bill to repeal the registration law so far as it applies to fifth and sixth-class towns.

Bill providing that property of non-residents in the hands of a trust company or trustee shall pay taxes at the home of the owner and not at the home of the trustee.

Bill appropriating \$75,000 for the establishment and maintenance of a state tuberculosis sanatorium.

Bill appropriating \$400,000 to complete and furnish the new statehouse and \$50,000 for a new mansion for the governor.

Bill to prohibit the playing of baseball on Sunday.

Bill to add the words "manufactured articles" and "fire insurance premium rates" to the statute on "pools, trusts and conspiracies."

Bill repealing the law requiring registration certificates to be issued.

Bill to prohibit the use of paris green or other poisons on growing tobacco and to regulate the sale of paris green.

Bill to prohibit the dealing in futures or on margins on stocks and bonds. (Aimed to kill the bucket shop bill.)

Bill making an assignment of wages or salary illegal unless accepted in writing by the employer.

Bill creating county boards of education with power to build and maintain schoolhouses and employ teachers.

Bill providing for heavy fines for operation of poolrooms and prohibition telephone and telegraph companies from furnishing them information as to horse races.

Bill to prevent the manufacture and sale of impure or deleterious foods or drugs in this state.

Bill to create a board of bank examiners and providing for a periodical examination of all state banks.

Bill to prohibit betting in any form on the racetracks in this state.

Bill to amend the insurance laws so that fire insurance companies may be organized with \$50,000 capital stock. This is done to permit small companies to organize to take the insurance on tobacco that has recently been cancelled by the big Eastern companies.

Bill to allow pay to jurors who are summoned but not accepted on the panel.

Bill to increase the salary of circuit judges to \$5,000.

Bill substituting electrocution for hanging of condemned criminals, the electrocution to take place in one of the penitentiaries.

Bill permitting farmers to pool their crops and authorizing them to employ agents to sell the pooled crops for them.

Bill to prevent the importation of strike-breakers into this state.

Of course all the authors of the above bills are busy electioneering with other legislators trying to pledge enough votes to pass his pet bill, and there are lots of "disinterested" lobby lists on hand to boost certain bills and to delay and defeat others, but these politicians' promises are of the pie-in-the-sky variety—easily broken—and many of these bills will never pass either branch of the legislature. All of which reminded a legislator who has had some experience, of an apt story. He said his sister was trying to teach a little eight-year-old negro the catechism and a few facts about historical characters. She was putting him through the questioning one day and the little negro had answered a very well, telling her that Samson was the strongest man, Methuselah the oldest man, and finally she asked: "Who was George Washington?" "You never told me nuthin' 'bout him, Miss Lucy," he replied. "Well, I will tell you now. He was the man who could not tell a lie," said Miss Lucy.

The little negro scratched his head for a minute as if puzzled, and then asked: "Miss Lucy, what wuz de matter wid him?"

The estimated cost of the Panama Canal is still climbing. It has successively jumped from \$100,000,000 to \$130,000,000, to \$200,000,000 and \$250,000,000. Now Col. Grethels, chairman of the Isthmian Canal Commission and chief engineer of construction, tells the House Committee on Interstate and Foreign Commerce that his estimate of \$250,000,000 did not include the \$30,000,000 purchase price paid by the United States to the Panama Canal Co., nor the \$10,000,000 similarly paid to the Republic of Panama, therefore the actual total computed cost would be \$340,000,000.

If a cough once gets into your system it acts on every muscle and fibre of the body and makes you ache all over. It especially effects the intestines and makes you constipated, so in order to get rid of a cold thoroughly and without delay you should not take anything that will tend to constipate. Kennedy's Laxative Cough Syrup acts upon the bowels and thereby drives the cold out of the system. It contains no opiates—it is pleasant to take and is highly recommended for children. Sold by Chas. C. Davis.

## Druggist Takes His Own Medicine

The man who sells remedies for most of the human ills, and hears day after day the opinions of people who have used these remedies, naturally comes to know the superior from the inferior, and when the time comes that he has to decide on which remedy he will take, he of course selects the one he has heard the most praise of. His own opinion, coupled with that of his customers', ought to go far in convincing the layman that the remedy the druggist selects is the best in the field.

J. M. Hawkins, a druggist of Mount Vernon, Ky., has sold medicines for a great many years, and when finally he himself began to suffer from stomach trouble he had no hesitancy in deciding which remedy on his shelf he would take. It was Dr. Caldwell's Syrup Pepsin. Now, after having given it a good test, Mr. Hawkins writes us that it justified his high opinion and he is cured.

It was the same with Druggist Kennedy, of Lexington, Ill. He was not very robust, often had constipation and such troubles, so, going on what his customers who had used it told him, he took Dr. Caldwell's Syrup Pepsin and has been a well man ever since.

There is no better remedy on the shelf of any druggist or in all materia medica than Dr. Caldwell's Syrup Pepsin for obstinate constipation, dyspepsia, indigestion, flatulency, biliousness, diarrhea, jaundice and other liver troubles, whether the disease is in an infant, child, woman or man.

It is the best family laxative. It is gentle and effective, pleasant and sure. It gently and surely cleanses the system, and usually one or two doses will bring about a complete change for the better, and as it is only 50 cents or \$1 a bottle, it is sure to be had for a few cents. Buy a bottle so you can see what it will do for you.

FREE TEST. Those wishing to try Dr. Caldwell's Syrup Pepsin before buying can have a free sample bottle sent to their home by addressing the company. This offer is to prove that the remedy is what it claims to be and is only open to those who have never taken it. Send for it if you have any symptoms of stomach, liver or bowel disease. Get the most effective laxative for children, women and old folks. A guaranteed, permanent home cure. THE PUBLISHERS: DR. CALDWELL'S SYRUP PEPSIN. The product bears purity guarantee No. 17, Washington, D. C. PEPSIN SYRUP CO. 119 Caldwell Bldg., Monticello, Ill.

The total vote on Tuesday in Senatorial race was Beckham 64, Bradley, 62, McCreary, 4, Blackburn, 1, and David W. Baird, 1. After the Republicans had departed upon request, Mr. Bryan, talked to the Democrats in joint session and pleaded that they elect their nominee.

The statement of the New York Clearing-house banks for the past week shows that the banks hold \$22,635,475 more than the requirements of the 25 per cent. reserve rule. This is an increase of \$16,551,425 in the proportionate cash reserve as compared with the previous week.

Addressed to the six Democrats who have refused to vote for Beckham for senator a memorial signed by thirty-five prominent Democrats of Wilmore, Jessamine county, arrived at Frankfort. The Jessamine Democrats approve the course of the men standing out against Beckham.

Most evidence as to alleged irritational conduct on the conduct on the part of the defendant was offered at the trial of Harry K. Thaw, the impressive witness being Abraham R. Beck. Mr. Beck taught a select school of fifteen boys in Pennsylvania in 1881 and 1882, and young Thaw was one of his pupils. Mr. Beck described Thaw as a boy of ungovernable temper. He produced a letter from Mr. William Thaw, the mother, who said in it that she feared Harry's mind was unbalanced, he was different from her other four children.

John R. Walsh, president of the defunct Chicago National Bank, was Saturday found guilty of misappropriating the funds of that institution. The jury which had been considering the case since Thursday afternoon, reached an agreement shortly after three o'clock Saturday morning. Formal motion for a new trial was made by Attorney John S. Miller, and Judge Anderson set the hearing of the arguments for January 28. Walsh was allowed to remain at liberty on the same bond, \$50,000, which had been given after his indictment by the federal jury.

A wreck on the Louisville and Nashville railroad near Bagdad injured many of the passengers, Senator Nat Cureton, of Louisville, being the greatest sufferer. Conductor McNabb was also badly hurt. On the train were many of the legislators and several of the Republican members were among those who were cut and bruised. The entire train was derailed, the coaches being turned on their sides.

At the hearing of the contest of E. S. Howard, Independent against Denver B. Cornett, Republican, considerable light was shown on the methods of the Republicans in the mountains to secure their overwhelming majorities. The district is composed of Bell, Letcher, Harlan and Leslie counties. Howard alleges that his opponent's election was secured by fraud. The frauds are alleged to have been committed in Harlan county where it is charged voters were imported from Virginia to vote for Cornett and the State Republican ticket. It is also alleged that one man who always took a pride in being the first voter at his precinct found when he was handed his ballot that it was number 106. Another charge made is that in one precinct thirty members of the Hensley family cast their ballots, but the stub book disclosed that in addition to these thirty-three more Hensleys had been "dug up" and voted.

Schemes of this class have again come to grief along with the gullible investors, causing serious loss to innocent business concerns, as is always the case of panics in Wall St.

While this last lesson is yet fresh in mind, it is an opportune moment to consider causes and means to avoid like trouble in the future.

Direct your attention to that greatest of all Newspapers the Cincinnati Enquirer. From its columns one can readily detect the trend of currency, its lodging places, by whom handled, uses made of it, and final results.

Again you read quotations of Bonds, Stocks, and Securities of every nature, fixing Status of all business from the retailer, to United States Government.

Also Current News, facts and reliable data covering the entire world; all sufficiently explicit to enable thinking people to avoid snags and follow the channel of success.

Its extra size and high price, is the secret of its ability to discover, obtain, print and serve its patrons with all the news, and cater to wants of people in every calling of life.

The Weekly Enquirer for the year 1908 has greatly increased its Clubbing offers which now include the most select and popular publications of the day at prices slightly over half the regular Subscription rates.

Do not overlook the fact that the year 1908 promises to excel in prosperity any of the past, and that the Enquirer printed at Cincinnati, Ohio, is one of the most reliable sources of information.

**SHAKE IN A BOTTLE.**

Now is the time when the doctor gets busy, and the patent medicine manufacturers reap the harvest, unless great care is taken to dress warmly and keep the feet dry. This is the advice of an old eminent authority, who says that Rheumatism and Kidney trouble weather is here, and also tells what to do in case of an attack.

Get from any good prescription pharmacy one-half ounce Fluid Extract Dandelion, one ounce Compound Kargon, three ounces Compound Syrup Sarsaparilla. Mix by shaking a bottle and take a teaspoonful after meals and at bedtime.

Just try this simple home made mixture at the first sign of Rheumatism, or your back aches or your feet the kidneys are not doing justice. This said to be a splendid kidney regulator, and almost certain remedy for all forms of Rheumatism, which is caused by uric acid in the blood which the kidney fail to filter out. Any one can easily prepare this at small cost.

Druggists in this town and vicinity, when shown the prescription, stated that they can either supply these ingredients, or our readers prefer they will compound the mixture for them.

Hon. Harvey Helm, our member of Congress, has introduced a bill to carry into effect the findings of the Court of claims in the case of the Methodist church at Bryantsville, in which findings the court
